

## Profile

DarDolphin DPC team is a group of accomplished, experienced designers, web and software developers, photographers, copywriters, illustrators and media planners. We provide a spectrum of services and do so with professionalism, enthusiasm and dedication.

Our doors opened on Syria in 2004. The principal, Monis Bukhari, worked for many years as a Graphic Artist in Damascus. His expertise includes over 10 years in print, publishing and corporate communications. Cross cultural know-how is at the heart of our business. The director, Delfine Hajji Nayef, worked for many years as a Comic and Cartoon Artist in Damascus. Her expertise includes over 12 years in animation, comics, multimedia and publishing.

We offer creative design solutions for both traditional print media and new technologies to meet our clients' wide range of business needs. In many cases we have succeeded in using our geographical remoteness to benefit our clientele who are not only in Syria but also on all over the Middle east.
